

COLOR WOW

INTRO DEALS

January – June 2024

THE POWER OF WOW

How is Color Wow totally different from other hair care brands?

When it comes to hair color, Color Wow is fanatical about the ingredients that go into our products – the first to ban “color corrupters” found in most hair care and styling products.

- Color Wow has identified and banned over 60 ingredients commonly found in other hair care formulas that can darken or distort hair color.
- Every formula is a breakthrough, proprietary technology developed in the Color Wow Lab.
- Every formula solves an unmet problem for stylists and their clients.
- Color Wow does not bring a product to market unless it's a major improvement over what exists or it addresses an unsolved problem.
- Safe and effective, every formula delivers “you have to see it to believe it” results.
 - Not tested on animals
 - No parabens
 - No sulfates
 - No toxic ingredients
 - No phthalates
 - Gluten-free
 - Cruelty-free
